NARRATIVE REPORT

☐ INTERIM

☒ FINAL

Work under this FY-68 Time and Materials contract has been completed. Primary activity during its closing days involved support to [ ] on a study of radar site analysis as a function of photographic ground resolution. The final report on this study is presently in preparation at [ ] [ ] [ ] successfully completed tasks included the following major contributions:

- a. Preparation of photogrammetrically-controlled model photography as stimulus material.
- b. Coordination and administration of experimental procedures with NPIC subjects.
- c. Liaison with DDS&T/OSI electronics analysts during the interpretation assessment phase of the project.

[ ] participation in this work is rated as "very good" because of their personnel's talented technical execution of the task requirements and also because of their perceptive handling of Center interpreters during study experimentation.
